

# SugaNova1-0-4™

## GUARANTEED ANALYSIS

Total Nitrogen (N).....1%  
1% Water Soluble Nitrogen  
Soluble Potash (K<sub>2</sub>O)..... 4%

Derived From: Hydrolyzed Vegetable Extract

**SugaNova 1-0-4** is a nutritional blend designed to promote plant growth and to provide a food source for soil microbes. It helps plants better tolerate abiotic stress while enhancing nutrient uptake. It is ideal for use with fungicides, herbicides or insecticides with or without fertilizers as well as for stand-alone applications

THE ADVANTAGES OF **SugaNova 1-0-4** are that it is a readily available carbon source to boost nutrient solubility and availability. It provides higher nutrient uptake efficiency to reduce leaching and volatilization. It selectively feeds beneficial bacteria and fungi and contains amino acid peptides to support natural plant growth processes and overall plant vigor.

**Use and Dose:** Doses and mode of application are to be determined according to the requirements and the nutritional situation of the plant. Under standard conditions: *In-furrow with a starter fertilizer:* Apply 1 to 2 pints per acre.  
*Foliar, Fertigation, Y-drop:* Apply 1 to 2 pints. per acre. May be applied every 2 weeks during growing season on all plants.  
*Other Uses:* see our website

### Precautionary Statements

Based on currently available data, this product is not classified as a hazardous substance. However, wash hands after handling.

**KEEP OUT OF REACH OF CHILDREN**

NET CONTENTS: 2.5 GAL (9.46 L)  
NETWEIGHT: 25 lb (11.3 kg)  
NET DENSITY: 10.85 lb/gal @ 68°F

**CONDITION OF SALE:** SELLER WARRANTS THAT THE PRODUCT CONFORMS TO THE CHEMICAL DESCRIPTION AND IS REASONABLY FIT FOR THE PURPOSE STATED ON THIS LABEL WHEN USED IN ACCORDANCE WITH DIRECTIONS UNDER NORMAL CONDITIONS OF USE. SINCE WEATHER, CROP, SOIL AND OTHER CONDITIONS MAY VARY, HELLO NATURE AND/OR SELLER MAKE NO WARRANTY OF ANY KIND, EXPRESSED OR IMPLIED, CONCERNING THE USE OF THIS PRODUCT. THE USER ASSUMES ALL RISKS OF USE OF HANDLING, WHETHER OR NOT IN ACCORDANCE WITH DIRECTIONS OR SUGGESTIONS TO THE EXTENT CONSISTENT WITH APPLICABLE LAW.

**Directions:** It is recommended to perform the treatment in the cooler hours of the day to exploit the moments of maximum absorption of the plant. Shake well before each use. This product is miscible with the most commonly used plant protection active ingredients and fertilizers. Before using, it is recommended to make preliminary tests of compatibility and incorporate it last, while maintaining agitation in the mixture. Apply using a spray method in an adequate amount of water that will provide complete coverage of the plants. Do not apply undiluted.

Information regarding the contents and levels of metals in this product is available on the internet at <http://www.aapfco.org/metals.html>

**Storage and Disposal:** Store in a dry place at temperatures between 39 °F and 110 °F. Store in a safe manner. Store in original container only and keep tightly sealed when not in use. Do not contaminate water, food or feed by storage, disposal or cleaning of equipment. Dispose of unused product and empty containers in accordance with federal, state and local regulations. Due to the plant-based material separation and color variations are normal.
