

VitaMoB™

GUARANTEED ANALYSIS

Boron (B) 8.1%
Molybdenum (Mo) 0.9%
Derived from: Boric acid, sodium molybdate, protein hydrolysate

VitaMoB is a supplemental source of boron and molybdenum. Boron has limited mobility in the plant, so multiple applications may be required for crops with inadequate boron. This product is suitable for foliar or aerial applications and is compatible with most other fertilizers and crop protection products.

ATTENTION: This product contains boron; use on any crops other than those recommended may result in serious injury to the crops. The application of fertilizing materials containing molybdenum (Mo) may result in forage crops containing levels of molybdenum (Mo) which are toxic to ruminant animals.

GENERAL RECOMMENDATIONS

FOLIAR: 0.5 - 3 pints per acre. Use in foliar applications or aerial applications, no less than 2 gallons per acre of carrier volume.

VITANOVA

Net Contents: 2 x 2.5 gal (9.46 L)
Net Weight: 53.5 lbs (24.27 kg)

Net Contents: 30 gal (113.56 L)
Net Weight: 321 lbs (145.6 kg)

Net Contents: 265 gal (1,003.1 L)
